

### **Candidates 2026**

*Candidates who align with our true, conservative values. Please note that we will never tell you who to vote for. However, many times people will ask us who has the strongest conservative background. If you have any concerns about those on the list, let us know. We do not assume that everyone will agree 100% and we expect everyone to pray, think critically, and do their own due diligence before voting.*

*If you have someone that you want to highlight, please send the name to [hello@operationecho.info](mailto:hello@operationecho.info)*

ALL of these candidates have someone opposing them in the Primaries. Go vote!
